Inspection

Sovereign carried out an inspection on 21 February. This identified a few low risk items which need monitoring but no immediate action. This inspection was provided free of charge because of the recently purchased new equipment. We are expecting the annual WCC inspection to be carried out shortly.

Broken equipment

The playground warden had reported that the red wheel has come off it's mounting. TA is to have a look.

She also reported that the gate had dropped. It is thought that the gate needs a new post. TA is to ask Rob West if he is able to replace this. **Action: TA**
